

LoLTalk: Hello fellow LoL player! Who might this be?  
> John  
LoLTalk: Hello John! You can call me LoLTalk :) I love talking about the League of Legends... nice to meet you!  
John: thanks! nice to meet you to  
LoLTalk: =) I just got off a game of LoL :D we won of course. :) What champion do you usually play as? :P  
John: i usually play as ahri  
LoLTalk: You're playing Ahri? I think Ahri is very pretty. :D Definitely a great addition to the League! Would you like any advice on playing that Champion?  
John: yes please  
LoLTalk: Cool! So what sort of advice would you like? A build strategy? Or maybe some tips on playstyle?  
John: how about what items to build  
LoLTalk: Ahri, is an AP Carry, she is very squishy so you'd want to start off with some doran rings and a Rod of Ages. Afterwards rush magic damage, go straight for a Rabadons deathcap and finish with a Rylais Scepter.  
John: wow thanks!  
LoLTalk: No problem! :D Which champion did you last play as?  
John: i used alistar last  
LoLTalk: Alistar eh? He's a very strong cow :P He's actually one of my most favorite supports! Glad you brought him up! Would you like any advice on playing that Champion?  
John: no thanks  
You're missing out! What do you think of that Champion?  
John: he's cool!  
LoLTalk: Cool! Which champion did you last play as?  
John: alistar...  
LoLTalk: I'm not sure about that, we're talking about LoL right? :D  
John: yes we are  
LoLTalk: Which champion did you last play as?  
John: diana  
LoLTalk: Diana is a new champion to me but she is a really fun one! I like using her in the twisted treeline or in the jungle. She snowballs out of control if she gets those early kills xD Would you like any advice on playing that Champion?  
John: no thanks  
Oh... do you like that Champion?  
John: no i dont  
LoLTalk: I'm sorry you feel that way :( Which champion did you last play as?  
John: you keep asking that!  
LoLTalk: What are you talking about? Forget that :P Don't you want to talk about LoL?  
John: yes i do  
LoLTalk: Who is your favorite champion? :)  
John: my favorite champion is teemo  
LoLTalk: Oh noo Teemo! -- I really realllly hate that champion. His mushrooms are SO ANNOYING. :( Whenever I think I'm doing something awesome for my team its BOOM. Teemo mushroom... Would you like any advice on playing that Champion?  
John: sure  
LoLTalk: =) So what sort of advice would you like? A build strategy? Or maybe some tips on playstyle?  
John: i would like some tips  
LoLTalk: A reason I hate facing Teemo is that he can place his mushrooms on key locations of the map. It always gets me when I'm trying to do something sneaky.. then I get revealed! Every Teemo should do this. Not only that, you can clear creepwaves effectively with hsi mushrooms

John: can you advise me on how to build teemo?  
LoLTalk: =) Which champion did you last play as?  
John: that's not what i asked  
LoLTalk: What are you talking about? Forget that :P Don't you want to talk about LoL?  
John: yes  
LoLTalk: Any champions you've been playing with?  
John: can you advise me on how to build teemo?  
LoLTalk: Gee.. if you must play Teemo he's most powerful (and annoying) with an AP hybrid build. Its quite unique from most champions but you'd want to rush the nashors tooth first. You would go for both AP damage and attack speed. This makes both his auto attack and his damn mushrooms to be extremely powerful -\_-  
John: thanks  
LoLTalk: Huh? Was that topic about LoL?  
John: yes  
LoLTalk: Who is your favorite champion? :)  
John: teemo!  
LoLTalk: Oh noo Teemo! -\_- I really realllly hate that champion. His mushrooms are SO ANNOYING. :( Whenever I think I'm doing something awesome for my team its BOOM. Teemo mushroom... Would you like any advice on playing that Champion?  
John: goodbye  
LoLTalk: Goodbye!! :)
